

.SMart

European cooperative

Who are we?

- + SMart is a **social enterprise** created in Belgium in **1998** and that has since developed throughout Europe.
- + **We create a safe legal frame** that eases creative workers and freelancers by taking over most of the administration burden and by limiting risks.
- + Today **SMart** counts over **60.000 membres** in Belgium and **around 100 000 membres** in Europe

Characteristics of creative workers

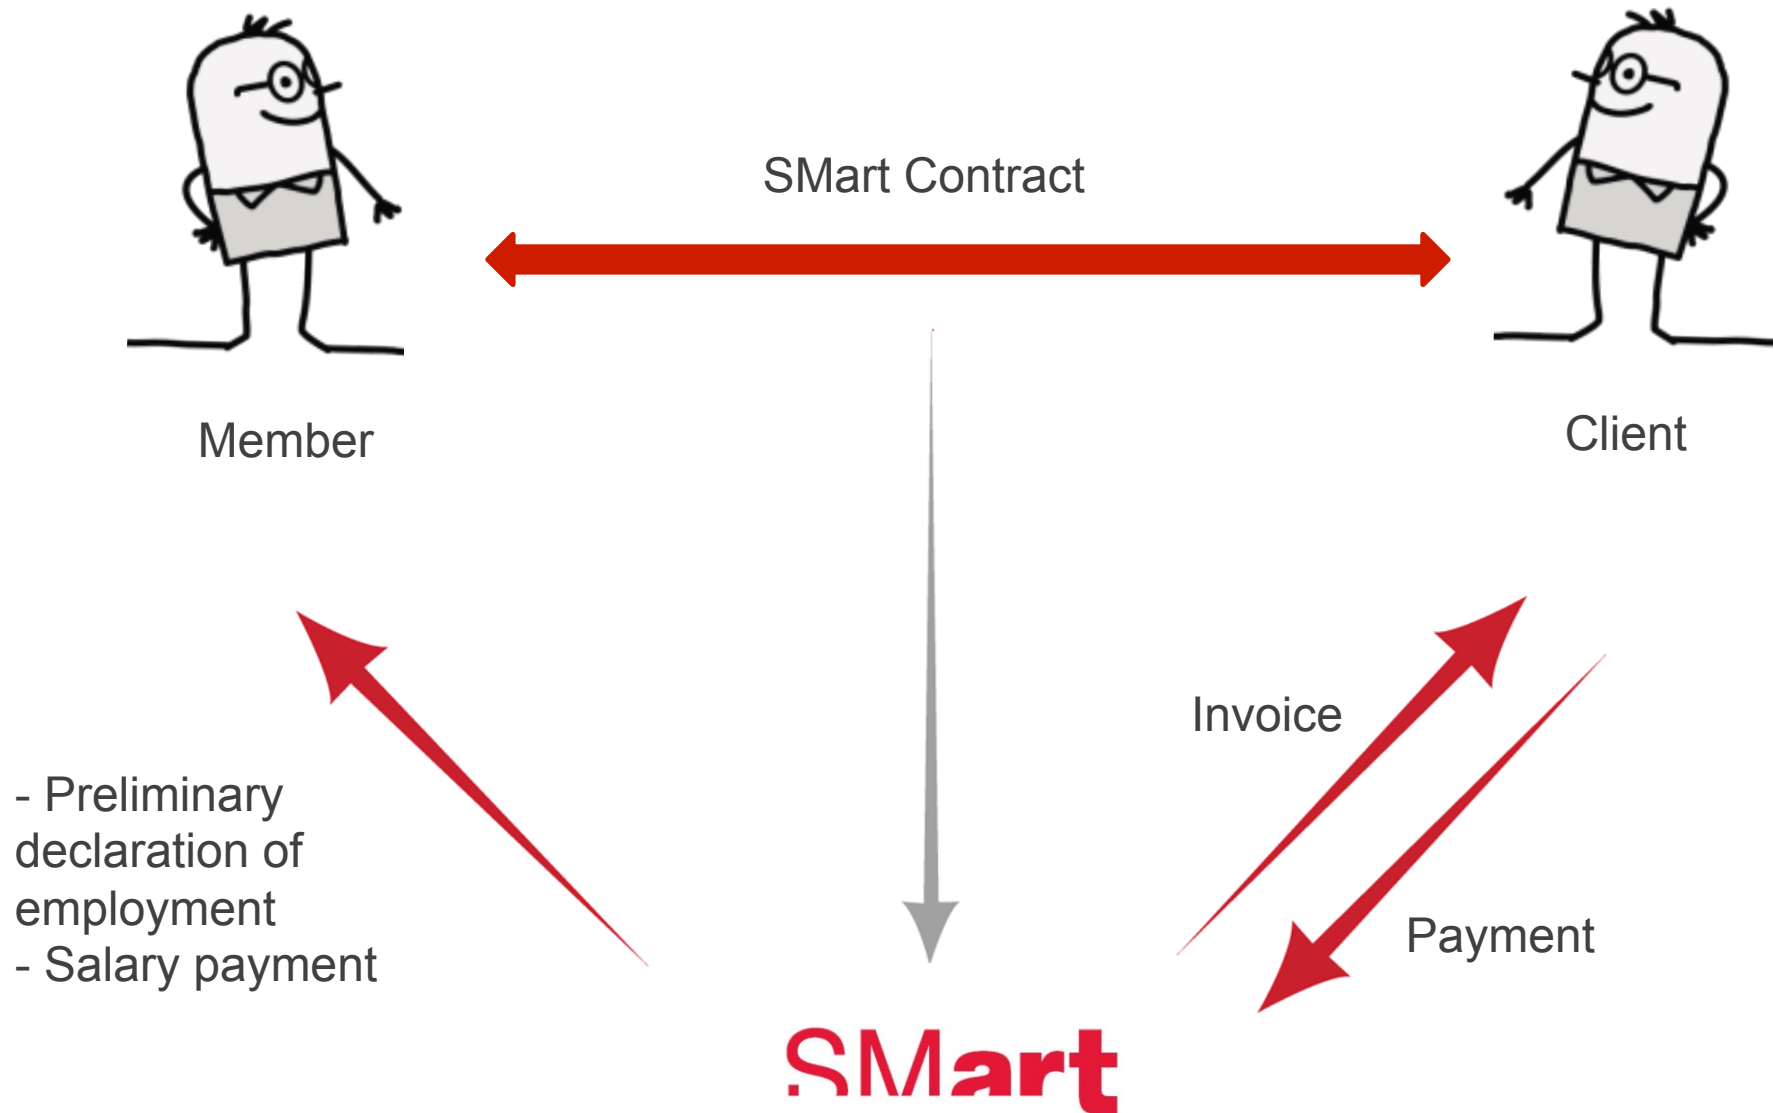

- + Develop multiple skills & jobs
- + Undertake different roles: employer/employee (=> legal status)
- + Have multiple employers
- + Are highly mobile

⇒ Complex legal framework & administrative procedures

For who?

- ⊕ Our members are « **free workers** » who wish to obtain a regular or occasionnel revenue in exchange for artistic, intellectual or handcarft service, for a multitude of **clients**.

The SMart contract

Business model

We deduct 6.5% on the amount our members invoice to their clients.

The revenues cover **our operational costs** and **benefits are reinvested in development of mutualized services**

SMart is a cooperative : our members are the owners of the platforme they use.

Mutualized services

Administration and legal support :

- + employment declaration
- + insurances
- + legal advice

Financial support :

- + mutualized guarantee fund
- + microfinancing & leasing
- + debt collection of clients

Mutualized services

Business support :

- + Personal career advice and training sessions
- + Creative hub
- + European network

Our objectives?

- + Secure professional career of creatives
- + Enhance the legal environment for freelancers
- + Defend an economy more shared and collective
